Subj: **BZV RULES OF ENGAGEMENT (ROE)****BEEZEE VISION, LLC™ OFFICE OF OPERATIONAL STANDARDS DOCUMENT**

1. MISSION ETHICS & GATEKEEPING BZV retains the absolute right to refuse or terminate service at our discretion, based on availability, mission misalignment, or operational priority. We do not conduct business with entities involved in illegal statutes, corruption, or discriminatory practices. Any violation discovered during engagement results in immediate termination and, where applicable, notification to pertinent law enforcement authorities.

2. THE "NO-WASTE" POLICY (TIME & PREPARATION) Time is a finite, unrecoverable asset.

- **Preparedness:** Clients must arrive at sessions fully prepared. All requested data must be provided 24 hours in advance (within business hours) when requested. Requirements will be articulated via email.
- **Escalation Protocol:** As projects evolve, certain client deliverables will be required. Failure to provide these will result in: (1) a formal Reminder, (2) a secondary Warning, and (3) Mission Termination upon the third instance.
- **Aborted Missions:** Arriving unprepared results in an aborted mission with **no refund**. * **Rescheduling:** Client negligence requires a new session booking and a new payment, regardless of prior reminders. BZV provides strategy and high-level planning; we do not provide administrative file organization.
- **Consent:** By engaging BZV through our **Operational Capabilities** or **Liaison** portals, you acknowledge you have thoroughly reviewed and agreed to these terms. If you do not agree, do not initiate contact.

3. FINANCIAL INTEGRITY & PERMANENT BANNING

- **Investment Terms:** All payments are processed via **myBZV** or at the point of booking. Clients for COA 2a, 2b, IIC-A, and IIC-B are required to create a myBZV account. Direct payments for COA 1a and COA 1b do not require an account. **There are no refunds.** Once a window is booked, resources are allocated.

Standard Hours: Mon - Fri | 9am - 3pm EST

Consultations are conducted by appointment only

 **BZVweb** www.bzvweb.com

English and Spanish Support

CONTROLLED ITEM

- **The Shield:** Repeated professional failure, disrespect of the process, or lack of punctuality will result in a **permanent ban** from all BZV platforms.
- **Attendance Penalties:** To mitigate scheduling conflicts, we offer three "Rainy Day" rescheduling options. However, failure to notify BZV of an absence or request a rescheduling in advance will incur a **\$750.00 penalty for COA 1a** and a **\$1,500.00 penalty for COA 1b**, reflecting the lost opportunity for other clients to utilize that consultation window.

4. OPSEC & DATA CLASSIFICATION

- **Classification:** BZV does not handle classified material at this time. All work is conducted at the unclassified level using sophisticated Open-Source Intelligence (OSINT) and analytical techniques.
- **Methodology:** We do not provide opinions; we provide measurable facts based on a compendium of trend analyses and publicly available information.
- **Need-to-Know:** Proprietary information is handled strictly on a "Need-to-Know" basis. All deliverables are marked "**CONTROLLED ITEM**" and disseminated under mutually approved guidelines.

5. COMMUNICATION DOCTRINE & BANDWIDTH CONTROL

- **Channels:** Communication is handled exclusively through the **myBZV Portal** or official Email. We do not respond to DMs, texts, or unscheduled calls.
- **Operational Window:** 0900–1500 (9:00 AM – 3:00 PM) EST, Monday–Friday, excluding Federal Holidays.
- **Surcharge:** Unscheduled calls or protocol bypasses will incur a **\$2,000.00 USD operational surcharge**.

6. ZERO-TOLERANCE HARASSMENT POLICY Any attempt to compromise personal privacy, bypass operational security (OPSEC), or engage in harassment/intimidation — whether in person, by proxy, or virtually — will result in the **immediate termination of all engagements without refund**. BZV reserves the right to document, preserve, and report all evidence to law enforcement.

Distribute Protocol. Operational transparency is a BZV standard. Retain a copy of this protocol for your records to ensure mission alignment.
